CAREER OBJECTIVE

Motivated B.Tech student in Artificial Intelligence and Data Science, skilled in Python, Java, and full-stack development. Commited to upskill with new Technologies. Passionate about Machine Learning. Eager to contribute to the organization while enhancing technical expertise.

EDUCATION

RAMACHANDRA COLLGE OF ENGINEERING   **2022 - 2026**
Department: AI&DS   **CGPA: 6.94**

SKILLS

Programming Languages	Web Development	AI&Data Science	Soft SKills
• Python • C	• React • HTML • CSS • Java Script	• Machine Learning •	• Problem Solving • Consistency • Time Management • Adaptability

INTERNSHIPS

SMART BRIDGE - DL Intern   **May 2025 - July 2025**
- Learnt about Basics of Deep Learning
- Developed a Enchanted-butterfly-classifier

APSCHE Black Bucks – Full Stack Intern   **May 2024 - June 2024**
- Learnt about Full Stack development

PROJECTS

Enchanted Butterfly Classifier   **June 2025**
- Designed a ML model to Detect Butterfly Species

Disaster Management Project On Mern Stack   **Jan 2025 - Feb 2025**
- Developed a mern stack on project disaster management

CERTIFICATIONS

- **ServiceNow -** Micro Certification
- **Course era -** C Programming Fundamentals
- **IBM -** Machine Learning
- **Simpli Learn -** HTML, CSS, Java Script

WORKSHOPS AND HACKTHONS

WORKSHOPS
- Machine Learning   - 2 Days   Sept 2023
- Deep Learning   - 5 Days   Oct 2024
